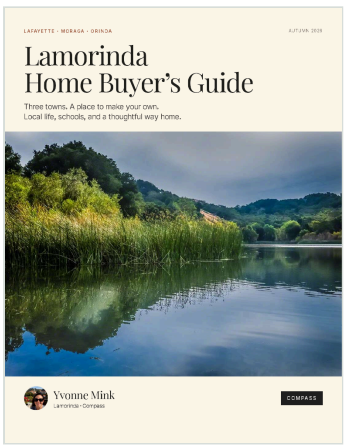
YOUR LAMORINDA GUIDE

Picture your life *in Lamorinda.*

Hello,

A home search starts with a house, but the decision often comes down to the life around it: the places you return to, the routes you take and how an ordinary day feels.

I put together the **Lamorinda Home Buyer's Guide** to help you explore Lafayette, Moraga and Orinda with that fuller picture in mind.



A feel for each town.
Local places, parks and traditions to explore beyond a listing.

A starting point for schools.
A town-by-town public-school directory, with reminders to verify eligibility for a specific address.

Questions for your search.
Insurance, property details and a home-tour checklist to keep useful questions close.

Whether you're considering a move, helping someone get to know the area or simply curious about Lamorinda, I hope you'll find something useful inside.

Take a look at your own pace. If a place or a question catches your attention, I'd be happy to talk it through with you.

Warmly,
Elena
